Urges Vote Against Pension Amendment; Will Reduce Payments

Rockdale, Texas.

To The Cameron Herald:

On August 25, the people of Texas will be called upon to vote on four constitutional amendments, two of them Old Age Pension limit amendment and the proposed pay hike for members of the Legislature.

The proposed poll tax amendment would provide that any person in the armed forces or any branch thereof who has been a member thereof within 18 months prior to the holding of an election in Texas may vote without a poll tax, or exemption, if such election is held while the United States is at war or within a certain stated time thereafter. The proposal is temporary, subject to such action as the Legislature may take.

The proposed amendment to the Old Age Pension law says that monthly payment per month shall not be more than twenty dollars. Do you see any thing in this proposed amendment that looks like even thirty dollars per month. The Legislature put a ceiling of Thirty-five million dollars per year for two year period on total pension payments if the amendment is adopted. It is not self enacting and would not become effective until 1947 as by that time at least 200 thousand old people would not get in excess of $14.58 each per month out of state funds and the funds are more apt to be reduced than maintained or increased as per acts of former Legilsatures.

Now, another amendment proposed is the hike in salary for the Representatives. The amendment provide for continuous salary and per diem for all members of the Legislature during their tenure of offfice. As a brazen attempt to deceive and mislead that salary scheme has never been surpassed. The joker is in the word 'continuous.' Some people may vote for it not realizing that the present Legislature would get **Four Thousand, Seven Hundred and Fifty Dollars** each term in office.

The old age pension proposal would limit pensions to twenty dollars per month and so fix it that the state would never pay any more than that. It does not even guarantee twenty dollars per month for it may be in any sum under that amount. The Legislature would guarantee the old people nothing but a low payment limit; give war veterans a measly one dollar seventy five cents each year poll tax exemption back door hand out. (An insult to the boys who fought to protect these big boys.)

And to be sure that the present House and Senate get theirs they made it self enacting so if this amendment should carry the Governor must issue a proclamation putting it into effect on and after the 25th day of September, 1945, to January 12, 1947. Each member of the present Legislature would receive $4,750 in addition to more than $1,300 each have already drawn or a total of more than 6 thousand dollars for each of the present members.

The Legislators lament that the present pay is not sufficient to secure the services of competent men. Two thirds, at least of the House and Senate, by such lament, confess that they are incompetent, or just loaf on their jobs, demanding more pay. $4750 for each of them. Speaking of bad odors, just take a whiff of this proposed salary rake off. For each two full years, or one full term, a member would get $7,200. Yet, they do not assure us of an increase in old age pensions, but a positive low limit.

A measly $1.75 a year for veterans but a feast of a big salary for themselves. Shame on you.

Suppose we pay $7,300 for two years Legislative period and during that time the Legislature will have been in session for 200 days each member will have received $36.50 per day for the time he actually spent in the Legislature.

How many members could earn a tenth of that amount except as a member of the Legislature? Will you get better men by reason of this salary increase?

No, my friend, you will get the same kind and possibly worse. It is not the salary paid, but the kind of men elected to go to Austin.

Better pay for better men was the battle cry during the campaign for adoption of the present $10 a day and 120 days session Amendment to give them the better pay but where

CITY MAKES MOVE TO IMPROVE FINANCES

An important economy step to bring city finances under better control and a splendid forward look into post war needs, results here from action of Mayor Chas. C. Smith and the City Council in the new policy of centralizing control of purchasing and discontinuing discount on Taxes.

The action of the government will insure large savings and will make available cash for public improvements which are sorely needed.

Based upon first estimates it was said that a saving of some 20 per cent might be effected in the general fund where $1.10 of the tax rate goes, 40c being pledged for retirement of bonded debts.

If such a margin of savings is effected the city would be able to allocate considerable tax margin for public improvements or to build up a treasury surplus.

Mayor Smith's administrations have been characterized by treasury surpluses.

In discontinuing discounts on taxes if paid in October, the city is now able to turn back some 3 thousand dollars to the treasury each year.

The policy of allowing discounts on taxes began 14 years ago. During that time some 35 thousand dollars have been paid back to tax payers for the rate of discount has been 5 per cent. Of the amount lost to the treasury ten large tax payers received more than half. It is pointed out that if the 14 year amount had been saved the city could now build an administration building with it. The city is now paying $100 per month for rent.

The discount on taxes was announced at a time when the city was obliged to arrange for its finances under difficult conditions.

Beginning the post war days under the new plan, the city dads are to be congratulated. Conservation of the city's income will work miracles in city improvements if the funds are allocated for much needed works.

SCHOOLS TO OPEN IN CITY SEPTEMBER 10

CAPT. GEO. PEETS, JR., IS KILLED IN ACTION

Capt. George Peets, Jr., of Maysfield, commanding a company of infantry in the Philippines, has been reported killed in action by the War Department, in a telegram to his parents, Mr. and Mrs. George Peets, Sr.

Capt. Peets was among a large number of officers taken prisoner by the Japs when the Philippines fell.

According to information in a letter to his parents, Capt. Peets lost his life when a ship on which he was being transfered to Japan, was torpedoed and sunk by an American submarine in Subic Bay on December 15, 1945.

His death was announced by the War Department upon information furnished by the Japanese government. Loss of life when the ship went down were 941 men, all of them Americans.

Capt. Peets, a reserve officer, volunteered and was called up for duty before the Japanese attack on Pearl Harbor. He was sent to the Philippines among the early reinforcements. When Bataan fell he was made a prisoner of war.

TEXAS SWAMPED WITH UN-EMPLOYED

Texas was swamped with un-employed Friday as war industries were shut down. The government cancelled nearly all war contracts in Texas.

Holders of gasoline and food ration books were asked to keep them. They will be needed later.

OCCUPATION TROOPS TO MOVE IN SUNDAY

The first units of occupation forces to enter Japan will be airborne troops and will land at an air field 20 miles from Takyo on Sunday, August 26, according to the Japanese radio.

A noon broadcast said that the Emperor had ordered all military forces out of the area and has made way for the Americans to move in.

It was said that naval units will land on the Jap mainland on next Tuesday.

Tokyo indicated that General MacArthur will land with the first of the troops and will go directly to the palace of Hirohito where he will confer with the Emperor.

Tokyo has warned of 'hothead militarists' who may cause trouble. General MacArthur's headquarters said Monday that the forces who move in will be equipped for any emergency and if the Japs want a fight they will get it, even with atomic bombs.

The Japs were still protesting the landing of Parachute troops near prisoner of war camps. Monday 12 Americans were liberated, four of them men who bombed Tokyo in 1942 with General Doolittle. One flyer was in a grave condition.

PRESTON GRAVES, JR. IS DEAD FROM BURNS

Preston Graves, Jr., a former resident here, and recently discharged from the United States Navy, died early Saturday in a hospital in El Paso from burns sustained in a fire at a refinery.

Information regarding the accident was not complete. It was understood here that Mr. Graves sustained injuries late Friday and was taken to a hospital for treatment and died early Saturday.

He had recently been discharged from the navy and it was also understood by friends that he had at one time been under treatment in a naval hospital for illness or injury. Recently he had returned to El Paso and accepted a place with the Standard Oil Company refinery there.

Born near Sharp and reared in Cameron, he was the son of Mr. and Mrs. Preston S. Graves, Sr. His widow lives in Beaumont. A brother, Frederick Graves, resides in Dallas .

His parents, Mr. and Mrs. P. S. Graves, Sr., have been ill and have been residing in Dallas.

SURRENDER PACT TO BE SIGNED ON SHIP

Formal surrender of Japan will be attested by a pact to be signed aboard an American war ship in the bay of Tokyo, it was announced in the Japanese capital Wednesday.

The same announcement said that General Douglas MacArthur will arrive in the Jap capital 3 days before the signing of the document of unconditional surrender.

So far there has been no official statement from Washington giving details of the surrender ceremonies.

At noon Wednesday 1700 Allied prisoners of war had been liberated by American paratroop units.

Pfc. Martin K. Weems On His Way Home

Mr. and Mrs. M. E. Weems have had a telegram message from their son, Pfc. Martin K. Weems from Camp Kilmer, New Jersey. Pfc. Weems has arrived there from Europe where he served in the Medical Corps during the war with the Germans.

Pfc. Weems was wounded severely when a mortar shell fired by Germans exploded near him. He remain-in the hospital for several months, and was moved to England where he recovered. He wears the Purple Heart.

Pfc. Weems informed his parents that he would arrive in San Antonio this week, and would be at home the first part of next week.

John Tate to be Buried Texarkana

H. N. Tate received a message Tuesday that his brother, John F. Tate died at his home in Texarkana early on Tuesday, August 21, 1945.

Mr. Tate was born in Illinois, but had lived a number of years in Texarkana, where he had been employed with a baking firm until his health became poor, and he had to retire.

Among his survivors are four brothers: Howard and Edgar Tate of Texarkana, Henry Tate, Mt. Vernon, Illinois and H. N. Tate of Cameron, and one sister, Mrs. M. H. Wise of Herron, Ill.

Mr. and Mrs. H. N. Tate left early today to attend the funeral services, and to be with the relatives and friends.

103 Teperature in City Friday; Highest Since July 26, 1944

Temperature in Cameron Friday rose to 103 degrees, the highest since July 26, 1944, it was disclosed here early Saturday by Richard Hester, local government observer.

On Thursday, August 16th the temperature was 100 degrees. Thus the city has been sweltering in extreme heat.

The daily average temperature for August has been abnormally high and with no rainfall. On July 26, 1944, the temperature here was 104 degrees, said Mr. Hester.

War Veteran Returns

T-5 JOHNNIE ROSCHETZKY

T-5 Johnnie Roschetzky has just returned to his home near Liberty after 17 months in the European battle zones.

Cpl. Roschetzky was with the 187th Signal Repair Company. "My job was not killing Germans but to keep the radio's in repair so the others could kill them,"he said. Once during the rapid advance of the Third U. S. Army commanded by General George Patton, the company to which Cpl. Roschetzky was attached repaired the general's radio.

Cpl. Roschetzky went to France in September 1944, and came back on July 7, 1945. He was at Nurenburg, Germany, when the war ended. He is proud of the record of the U S. Third Army. Commenting on the Third he said he saw a truck and on it was this sign. "Anything, Anywhere, Anytime."

In Luxemburg he was close to the front lines and could hear the din of battle. When the Germans broke through in Belgium in December the situation was critical. Naturally he is proud of the Third Army's drive into the German flank and the relief of the 101st Airborne troops trapped at Bastogne.

A brother Sgt. Willie Roschetzky is in Pilsin, Czechoslovakia, with the First Army under General Hodges. Both are the sons of Mr. and Mrs. A. R. Roschetzky of Liberty.

PRESTON S. GRAVES, JR., IS BURIED IN CAMERON

Preston Shinault Graves, Jr., known to his friends as "Pete," son of Mr. and Mrs. Preston S. Graves, Sr., of Cameron, died in an El Paso hospital on August 18, 1945, of burns sustained in the refinery of Standard Oil Company, in that city. He was buried in Oak Hill Cemetery in Cameron on August 20, Rev. C. W. Sanders conducting the services, the American Legion in charge. The pall bearers were: Dr. Thomas S. Barkley, Henry, Paul and Rufus Graves, Jud Davis and Grady Cooper.

Preston S. Graves, Jr., was born at Cameron, Texas, May 17, 1910, and attended the public schools of this city and Southwestern University. On February 1, 1940, he married Miss Lena Bell of Beaumont, who survives him. Other servivors are his parents, a brother, Fred T. Graves and family of Dallas, his grand mother, Mrs. Robert Todd of Cameron, and numerous other relatives.

S-1c Preston S. Graves, Jr., after serving with distinction in the U. S. Navy for a period of eighteen months received a medical discharge because of an attack of tropical fever. When he had recuperated he resumed his former work with the refinery, where he had won three promotions in the Engineering Department during the past three months.

Recognizing a highly dengerous mechanical failure, Preston remained on duty and succeeded in preventing the fire from spreading, thereby saving many lives and much valuable property. As truly as ever did a soldier on the battlefield, he literally gave his life in thus serving "beyond the call of duty."

Among out of town relatives and friends to attend the services were: Mr. and Mrs. Fred Graves and family of Dallas, Mrs. Nathan Cass of El Paso, W. C. Todd of Tyler, Dr. and Mrs. W. S. Barkley of Rockdale, L. R. Walker of Austin, Mrs. Wm. T. Hefley of San Antonio, Mrs. T. C. Gunning of El Paso, Mr. and Mrs. E. H. Bell, Mrs. James Bell, Mrs. Ben Bell, Miss Nellie Lee Bell and Mrs. Joe Yarbrough all of Beaumont; Mr. and Mrs. Ike Ward, Mrs. Bessie Bell Word, Mrs. Jim Teague, Mrs. Jack Parkhill all of Caldwell; Mr. and Mrs. Will Davis and son, Nelson, Paul, Henry and Rufus Graves all of Sharp; Mr. Moore of Thorndale and J. A. Beasley of Rockdale.

LOCAL LABOR MARKET TO REPORT WEEKLY

A labor market report for Cameron will be issued weekly by the United States Employment Service.

The first of these reports covers days from August 15 to August 21.

The following facts are given: A total of 3, all males, were refered to jobs and all found employment.

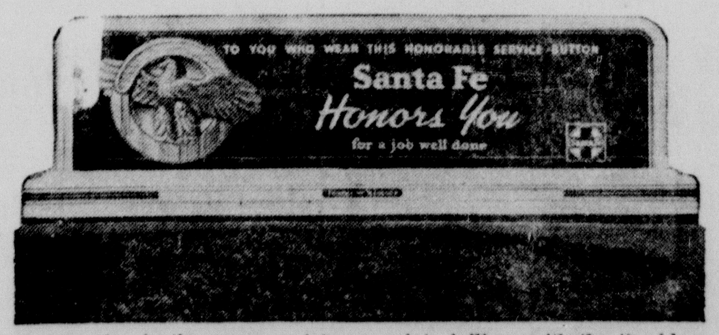

A total of 47 filed claims for unemployment compensation.

The number of persons registering for jobs was 10, seven of them men. Three jobs were available and two local firms requested employes. There were no cut backs in work or employment. It appears that as a result of peace 6 workers were affected over the county.

There was no local demand for labor and available man power greatly exceeds local employment opportunities.

George Allen made an extended trip through Arkansas, Tennesse and Oklahoma, returning via Shreveport the past week in his car. He reports a wonderful trip, and says everything looks fine.

GRAND JURY RETURNS INDICTMENTS HERE

Grand jury in district court here has returned indictments as follows:

Anton Balik, felony theft, charged with stealing $320 in currency from Herman Willham.

John Campos assault with intent to murder Gilbert Chavez.

Alton Davis, forgery of checks, two in the sum of $25 on Mrs. J. W. Wilson and drawn on the Caldwell National Bank.

Marvin Jackson, felony theft, charged with stealing $400 in money from C. W. Hudson while an employe of Mr. Hudson.

Floyd Malone, three cases of burglary, one of which was theft of clothing from the Dave Bryant home in Cameron. Malone has been tried and sentenced to 4 years in Texas prison.

In county criminal court Marguerite Davis on August 1, 1945, paid a fine of $25 for carrying a pistol and Juan Garcia was fined $50 for driving a car while drunk and his drivers license suspended for 6 months.

The grand jury in District Court "passed up" the case against Tootsie Benson, negro beer tavern owner, for the murder of Clint Lloyd, another negro. Lloyd was stabbed in another beer joint and died on Monday, July 16. Lloyd it was found after too late to save his life, had been stabbed through the lung. Two white men offered to pay Benson's fine but assault charges, first filed, were hiked to murder.

Coach Jackson Turns In Copy for 32 Page Football Program

Coach Leo Jackson has completed copy for the 1945 football program for the Yoemen.

The program is the most elaborate ever published here and will be produced by the Herald plant. The program will be 32 pages in size, filled with pictures and interesting reading matter. It is so liberally supported by business men that sufficient space was not available to accommodate all paid matter.

P. G. Blade of the Coca-Cola Bottling Company is furnishing the color covers and center page for team rosters. It was planned to issue 3000 or more of the programs for the 5 home games at Yoemen field this fall.

Safeguard in Milk Supply Important

Austin, Texas—As a safeguard against the serious and disabling disease known as undulant fever or Malta fever, Dr. Geo. W. Cox, State Health Officer, advises Texans to drink milk only from approved sources. Undulant fever is usually acquired by human beings as a result of consuming raw milk or raw milk products from cows infected with Bang's disease.

Raw milk or milk products can be consumed with safety only when they are known to be produced by cows tested and found to be free of Bang's disease. Pasteurization, of course, kill the germs if present.

To lower the incidence of undulant fever all dairymen are asked to cooperate with the State Department of Health by removing cattle infected with Bang's disease from their herds as soon as the disease is discovered. Even if the milk is made safe for human consumption by pasteurization, infected cows are still a menace to health since they can transmit the disease to healthy animals and to their owner and other persons who handle them.

"Undulant fever," Dr. Cox said, "is one health menace we can eradicate in our State through absolutely safe milk supplies from dairy herds free from Bang's disease.

"Unless a herd is known to be free from this infection, only pasteurized milk should be used so that the disease cannot be passed on to the consumer of milk and dairy products."

Coach Leo Jackson And Yoemen to Begin Work September 1st

Fall football practice will begin at Yoe High School on September 1st. Under regulations that is the earliest date team practice may begin.

Based upon the record in spring practice Coach Jackson should have the largest number of candidates out for the 1945 team in the history of the school.

For the first time in modern school history here a full program is laid out. Coach Jackson has already organized 3 teams. One of these teams is in grammar school where the smaller boys may play football and look ambitiously to the varsity some years hence. Then the B squad looks almost as good as some of the A teams we have had in other years.

Coach Jackson's program is thorough and he will have the wholehearted co-operation of the Superintendent.

Tootsie Benson Case "Passed Up" Here By the Grand Jury

No indictment was returned against Tootsie Benson, negro beer tavern operator in Cameron, for the murder of Clint Lloyd, 45, negro, who died from a lung stab wound here on July 16, 1945.

At the court house information was that the charges against Tootsie had been "passed up" by the grand jury at its session concluded here last Wednesday.

Lloyd was fatally stabbed at the Blue Goose, another negro beer tavern over a $2 debt alleged to have been owed to Benson. Lloyd was taken for examination and later placed in jail. He died the following day shortly after he had been taken to a local doctor for treament.

At the time of the stabbing Benson was charged with assault in Justice Court. Two white men appeared to pay his fine, both prominent. When Llyod died charges were made for murder. It was not known Whether Benson's case would be considered later.

Benson's plea will be self defense for he claims Lloyd attacked him. If the District Attorney agrees that the evidence warrants a fine only, Benson will escape.

This should make Tootsie an all district back. With splendid down field blocking of his team mates he appears to have gotten through the line of scrimmage. If the play is allowed as run, Tootsie may be near goal.

MacARTHUR REFUSES TO TALK WITH JAPANESE

Emperor Hirohito has told General Douglas MacArthur that Japan will have to keep a standing army to maintain peace in the area, it was disclosed in a broadcast at 1 p. m.

The question still persists. Who won the war?

On the face of developments up to 1 p. m. it appeared that the Japs are still not convinced, will not co-operate and will make it hard for occupation forces.

General Douglas MacArthur, supreme Allied commander, declined to talk with the Jap peace envoys in Manila. Instead his subordinates received from the Japs all information asked for.

The 16 members of the Japanese crew of emisaries to the conference in Manila have returned to Japan. The conference ended without any of the Japs seeing General MacArthur.

A broadcast said the Japs co-operated fully and gave all information asked for.

General MacArthur radioed to Tokyo that he will soon follow them to Tokyo along with Allied air, naval and ground forces to sign the formal surrender terms imposed on Japan in the name of the United States, Great Britain, Russia and China. He expects to arrive in the Japanese capital in 10 days.

Fighting was still in progress on Luzon and on other sectors of the front.

S-Sgt. Ernest Ehler writes that he enjoys reading The Herald in Germany where he is stationed with the army of occupation.

Sgt. Ehler is the son of Mr. and Mrs. Richard Ehler of Cameron and has been in the service 18 months and has been overseas for 6 month serving with a unit of infantry in Germany.

He received his training at Camp Fannin in Texas. In his recent letter he says: "We all see by the papers what a marvelous job of entertaining and morale entertainers U. S. O. and famous entertainers did for the soldiers during the war. The way we got our entertainment over here was ducking small arms fire and being always on the go."

JAPS LEAVING TOKYO FOR MANILA MEETING

Jap envoys were to leave Tokyo at 5 p. m. Central War Time for Manila in the Philippines where they will receive from General Douglas MacArthur the terms of Japanese surrender.

The white plane will be marked with green crosses and will land on a specially marked run way at the Manila air base.

The Japs will return to Tokyo with full instructions preparatory to formal surrender and occupation of Japan by joint Allied military forces.

Fighting had ceased on some sectors of the far flung Pacific front.

One American flyer was killed by Japs early Saturday and 2 Jap fighters were shot down.

Your turn...Have a Coke

...the next move is friendly refreshment

America's outdoor living rooms are devoted to friendly living. There the warm invitation *Have a Coke* offers you ice-cold refreshment straight from the family icebox. There's no finer nor simpler recipe for home hospitality than the friendly phrase *Have a Coke*. Always have a supply of cold Coca-Cola ready on hand.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
COCA-COLA BOTTLING COMPANY, Cameron

"Coke" = Coca-Cola
You naturally hear Coca-Cola called by its friendly abbreviation "Coke". Both mean the quality product of The Coca-Cola Company.

Buckholts Soldier Aboard Battleship

ABOARD THE USS ALABAMA IN THE PACIFIC—Monroe Clifford McCrummens, second class USNR of Buckholts, son of Mrs. Mabel McCrummens, is serving aboard this battleship which in one month's time raided the Japanese mainland twice, bombarded a Jap-held island north of Okinawa and rode unscathed through a violent typhoon.

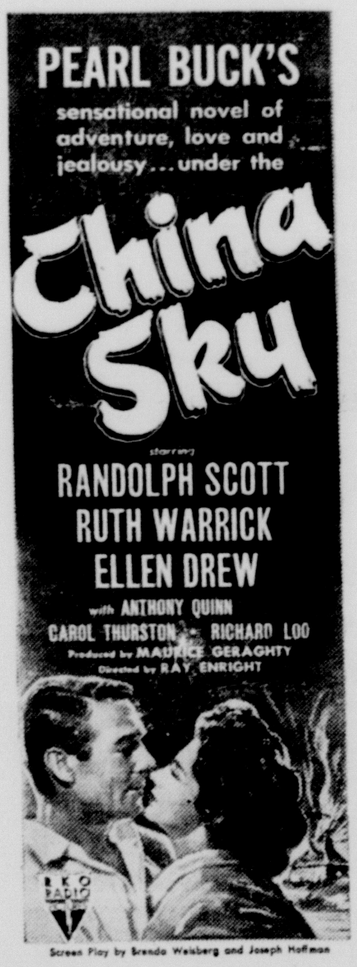

One of the raids against the Nip homeland was uneventful, but during the other operation the "Mighty A," as the man-o'-war is known to her crewmen, ran into a hornets nest of Jap suicide pilots.

Scores of the Kamikaze planes were shot down outside the task force formation, but at least four came in close enough to be splashed by the guns of this and other ships. Alabama gunners claim credit for downing two of these planes and for assisting in destroying another.

One Kamikaze, a "Zeke"-type fighter, flew through clouds of ack-ack before singling out this ship as his target, but as he turned to make his death run his plane hit and crashed flaming, a scant 300 yards away.

During her bombardment assignment, the Alabama turned loose her 5-and 16-inch guns to pulverize Jap shore installations.

The typhoon the battleship experienced pounded the 35,000 ton vessel for hours, causing her to pitch and toss heavily, but she came through undamaged.

GARLAND GRID TEAM TO CONDITION IN CAMERON

Cameron became the focal point for a lot of football hopes for the 1945 season when it was announced by Coach Leo Jackson that the Garland team will come here for an encampment and training.

Coach Jerry Sellers of Garland and his team will roll in to Cameron Friday night, August 31st and will be quartered at the Gym and within a short distance of Yoemen field where they will spend more than a week working out.

It all happened at the recent coaching school in Abilene. You see, Dick Young who coached the Yoemen last year, and Jerry Sellers are old team mates. In the glory days at Centenary College in Louisana Dick and Jerry played on the varsity. Their favorite sport was to come over at least once each season and knock off the Texas Aggies. Homer Norton, Aggie Coach, once said that Dick Young was the best lineman he ever had. Dick played center.

Out at Abilene it was Sellers who opened up by expressing a desire for a place to take his boys. Young and Jackson promptly invited him to Cameron and they made all arrangements for him and his men.

It all adds up to a lot of good football and without any admission price. The Garland team will work out at the same time the Yoemen are being put through their paces and there will be a number of scrimmages and the public is invited. So beginning next Saturday it's football and more football at Yoemen Field.

J. T. Shelton of Friendship was in Cameron recently.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

LOOK INTO this 2-way help*!

ON GUARD for You... 24 hours a day

Night and day . . . every day . . . your electric refrigerator is on the job . . . helping to protect the health and well being of your family.

In these days of shortages and limited marketing, your electric refrigerator assumes a new importance . . . for in protecting the food and health of America's homefront, the millions of refrigerators now in use throughout the nation are making a major contribution to the War Effort.

THE SUMMER SEASON...

means extra work for your electric refrigerator and a regular system of correct care and use will prove invaluable in prolonging its usefulness. Check the suggestions listed below . . . you'll find them helpful in keeping your refrigerator on the job for vital wartime service.

HERE ARE SUGGESTIONS THAT WILL HELP . . .

1—DEFROST REGULARLY . . . Follow manufacturer's directions. Defrost when ice on freezer reaches approximate pencil thickness. Too much frost makes mechanism work harder to maintain proper refrigeration.
2—STORE FOODS PROPERLY . . . Meats and fish below in the cold storage container; milk and cream at top; butter, left-overs in the middle; vegetables and fruits in the crisper. Avoid overcrowding of foods—it retards necessary air circulation.
3—KEEP THE INSIDE FRESH, CLEAN . . . Wash with baking soda and water. Don't forget the freezer. Use soap and water for the shelves . . . and don't open the door too often—this overworks your refrigerator . . . especially in hot weather.

CHRISTIAN SCIENCE SERVICES

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 26.

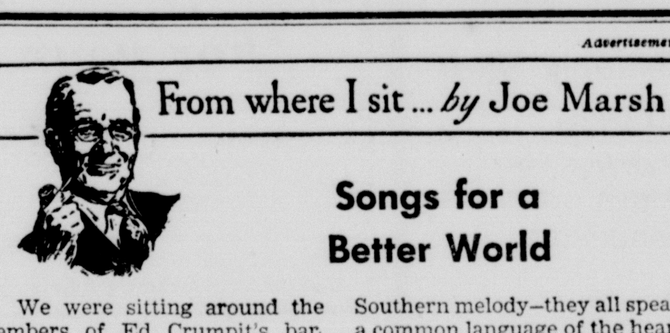

The Golden Text is: "Blessed be the name of God for ever and ever: for wisdom and might are his: . . . he giveth wisdom unto the wise, and knowledge to them that know understanding." (Daniel 2:20, 21.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, God is mighty, and despiseth not any: he is strength and wisdom.' (Job 36:5.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, 'Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The exterminator of error is the great truth that God, good, is the only Mind, and that the supposititious opposite of infinite Mind—called devil—or evil—is not Mind, is not Truth, but error, without intelligence or reality."

From where I sit ... *by* Joe Marsh

Songs for a Better World

We were sitting around the embers of Ed Crumpit's barbecue last Saturday night, finishing our beer and hot dogs while Ed strummed the guitar . . . picking out old, friendly songs.

Soon everyone was singing. The harmony wasn't too good . . . but the *spirit* was—a spirit of friendship and good humor.

And it made me think how music—music of the people—overcomes barriers of prejudice and intolerance. A Yankee folksong or an English carol or a Southern melody—they all speak a common language of the heart . . . bind folks together . . . help us forget our grudges.

From where I sit, music can help to make the whole world kin. Maybe we ought to have a lot more of it . . . informal sings around the fire, and in the home. And it's sure true that a mellow glass of beer fits into the picture. It just naturally goes with that kind of music.

Double Entertainment At Cameron Theatre

Now that older brothers are away at the fighting fronts, the teen-age girl suddenly finds herself catapulted into the limelight, as shown in March of Time's latest film, "Teen-Age Girls," at the Cameron Theatre Thursday and Friday.

Today these youngsters are the object of a new interest on the part of their elders. The March of Time film reveals what teen-agers are thinking and doing. It shows their clothes, their taste in music and reading matter, their hobbies, as well as how they talk, how they earn pin money, how they behave on dates, what they "go for" and what they frown on.

With its bright and colorful scenes of young people, here is a film sure to delight audiences of any age.

A sparkling new Sonja Henie makes her first appearance in Technicolor in "It's a Pleasure!" International's lavishly produced ice romance for RKO Radio release. With a thrilling hockey game, a spectacular ballet, three of Miss Henies brilliant skating routines and her dance number to highlight its action, the story deals with the stormy love affair between a little exhibition skater and an impetuous hockey star. Michael O'Shea has the masculine lead opposite the Norwegian flash.

"TEEN AGE GIRLS"

"Oh, the suicide blonde! I know she's a rope jumper," rattles on daughter complacently, while father, who's waiting for the phone, is rapidly going from a slow burn to a fast sizzle. Oh, well, teen-agers will be teen-agers, but they come in mighty handy when there are chores to be done about the house, like washing the car. Actually, says the March of Time film, "Teen-Age Girls," these youngsters are assuming a new importance in today's world. They represent an important market catered to by clothes designers, department stores, newspapers and magazines. All this has created a demand for teen-age models, some of whom are already well established in this field. In another field, the arts, teen-agers of Greater New York show they possess genuine talent for the ballet. Under the tutelage of the clever ballet coach, Steffi Nossen, the youngsters turn out a performance in the film which measures up to professional standards. Despite her amazing eccentricities, today's teen-ager is conscious of her coming role as the American Woman of Tomorrow.

HIROHITO REFUSES TO OBEY COMMANDER

Japan's refusal to surrender and Tokyo's failure to meet the demands of General MacArthur that an envoy be sent to Manila, had led to feeling in high government quarters that the Allies have been more or less duped by Hirohito.

The American people were gradually sobering up to realize that they may have lost the war in the Pacific.

General MacArthur has been unable to get his orders carried out. He told the Japs plainly to quit stalling, that his directive was explicit and that action is expected without delay.

Meanwhile Hirohito was ignoring the General and had taken in a new government in Tokyo.

Hirohito asked MacArthur to stop the Red Army. Moscow told the Reds to keep on killing Japs and if the Manchurian army of the Japs does not surrender and lay down arms by Monday it was likely Russia might repudiate the Jap peace offer.

The emperor has issued orders to cease firing, to his troops. Early Friday Jap planes attacked 4 B-32 bombers and greatly damanged one of them.

In Australia the speech of Hirodito was denounced as the first threat to world peace.

From Tokyo shortly after noon it was said the peace envoys would leave Tokyo Sunday and fly to Manila.

The question was beng raised the world over: Who won the war in the Pacific?

Mr. and Mrs. Hugh Smith visited relatives and friends in Temple Wednesday.

Faith Roberts is visiting her aunt and uncle, Mr. and Mrs. Henry Dryer.

Sgt. Aleck Lazek Now in Florida

MIAMI BEACH, Florida, August —Sgt Aleck A. Lazek, 25, of Cameron, has arrived at Army Air Forces Redistribution Station No. 2, in Miami Beach for reassignment processing after completing a tour of duty outside the continental United States.

Medical examinations and classification interviews at this pioneer redistribution station, operated by the AAF Personnel Distribution Command for AAF officers and enlisted men, determine his new assignment.

During his processing, he is housed in an ocean-front hotel and enjoys abundent facilities for rest and recreation in this year-round beneficial climate.

Sgt. Lazek was a gunner on a B-17 bomber in the European Theatre where he took part on five missions before being shot down and captured. He has been awarded the Air Medal and Purple Heart. He is the son of Mr. and Mrs. Fred F. Lazek, Sr., of 905 W Main Street, Cameron.

WHO SURRENDERED?

Hirohito, Japanese emperor, has appealed to General MacArthur to stop the Russians in Manchuria. Moscow told their commanders to kill Japs without mercy. The war goes on. Who surrendered?

Ray Lyman Young, USN, is visiting relatives and friends in Cameron.

Mrs. Alma Harrison is a patient in Cameron Hospital.

HOME COURSES FOR NEGROS ANNOUNCED

The date and places have been set for the training meeings that will promote better home baking among negro women and girls in Milam county. The Home Demonstration Council decided at its annual meeting in August that one training meeting held in each precinct would cover the county.

On August 7, the first of such meetings was held in precinct 2 taking in those communities adjoining the Jones Prairie area. August 23, has been set for those in Rockdale, Milano and Gause areas, the meeting being held at Milano. August 24 for those in the Maysfield, Branchville and Jort Sullivan areas, meeting at Branchville and August 28, for the communities adjoining the Davilla area, meeting at Davilla.

The purpose of this program conducted in co-operation with Bewley Mills is to increase the use of home baked products of better quality, greater variety and maximum food value in well planned meals. To accomplish these goals the following are emphasized:

1. Principles of home baking.
2. Improved techniques and practical short cuts as pastry and bread bases
3. The importance of enriched or whole grain flour and cereals.
4. How to use a greater variety of Home baked breads in meal planning and preparation.
5. The significance of baking as a fine art.

Interested persons are invited to attend the training meeting nearest them.

Son is Born to Mr. and Mrs. Thomas Potter In New Jersey

Mr. and Mrs. Thomas Potter, formerly of Cameron and now living in Asbury, New Jersey, announced the arrival of their first born, a son who has been named Cole Manning.

The baby was born on Tuesday, August 14, 1945, and weighed 7 pounds. He is the first grand child of Mrs. Anges Lowe of Cameron. The mother, the former Miss Mary Jane Lowe of Cameron, is the daughter of Mrs. Agnes Lowe and was at one time on the Herald Staff. The father, Thomas Potter, served in the armed forces and was injured while training as a paratrooper and was discharged.

They made their home here for a short time and moved to Mr. Potter's home in Asbury, New Jersey.

Sgt. James Edmonds Promoted in China

KUNMING, China—On duty with Services of Supply, China Theatre, Sgt. James M. Edmonds, Cameron, has been promoted from Corporal according to recent orders of Major General H. S. Aurand, commanding general.

Son of Mrs. Ida Edmonds, 602 West 13th street, Cameron, Edmonds was Assistant Manager of Duke & Ayres, Cameron before entering the Army. He attended Yoe High School.

Edmonds is now serving near the end of the longest supply line in the world. Route of supplies to China includes the famous "hump" airlift and the Stilwell road. In addition to the supply of war materials being built up for use in the final defeat of Japan, American forces in China get immediately-needed supplies to the fighting fronts in China. Their work has been evident in recent victories in China.

Mr. and Mrs. Jennings Arnold were Cameron visitors Friday.

COTTON FARMERS TO MEET HERE MONDAY

Cotton farmers in Milam county will convene in the District Court Room in Cameron, Monday, August 20th at 2 p. m.

George Banzhaf, County Agent, has issued a call to all producers to attend the meeting. It is proposed that the State USDA Wage Board be requested to establish ceiling prices on picking, pulling, weighing and hauling cotton in 1945.

Nine central Texas counties are considered in this area. Wage ceilings are set only in areas thus giving protection to counties in a large territory. If any one of the counties do not want the wage ceilings the USDA board will not establish prices in the area.

Should no county vote against ceilings a meeting will be called at Belton or Temple on August 27th at which time a hearing will be had and prices fixed according to the wishes of the majority of the counties.

In case ceilings are established penalties are provided for violation. Enforement would be unlikely. If the violation is considered a felony a fine of $1,000 may be imposed and a year in jail or loss of privilege of deducting from income tax as expense of harvesting.

Milam County Rates 4 Stars on Fiscal Condition Report

Milam is a four star county according to rating made by the East Texas Chamber of Commerce. This annual survey is made by the tax department.

Designation again of Milam county as a 4 star county is based upon the following four facts: Tax rate not above 80c for most tax payers; net debt not above 5 per cent of assessed valuations; all funds operated on cash basis and county lived within its budget.

It seems that nothing can keep a first-class-man down, or lift a low-class-man up.

5 Good Country Tricks for Saving More Used Fats

THIS year our domestic supply of fats and oils will be approximately one and one-half billion pounds less than last year. Right now, we are facing our worst fat shortage since the war began. To make up for this staggering loss, the government is depending on the women of America—and particularly women on farms and in smaller cities.

Every spoonful, every drop of fat is needed to help make battlefield and homefront essentials. So roll up your sleeves and do an all-out job, won't you? Clip this checklist and pin it up in your kitchen as a reminder.

1. **FRIED SALT PORK**—with milk gravy. Salt pork yields so much grease, you won't need it all for gravy. Pour the rest into the salvage can.
2. **DEEP FAT FRYING**—use the fat over and over, but when it's too dark and smelly to use any more, don't forget Uncle Sam wants it!
3. **ROASTS AND CHOPS**—save all trimmings (scraps from plates, too.) Keep them in a small bowl; once a week melt them down.
4. **SAUSAGES**—they're better if you parboil them first. *Skim* the fat off the cooking water—*scrape* the fat from the frying pan.
5. **CHICKEN SOUP**—chill it before you use it. Scoop off the hardened grease (soup *tastes* better, too!)

When the salvage can is full, take it to your butcher promptly. He will give you 2 red points and up to 4c for every pound of used fat you turn in.

100,000,000 More Pounds of Used Fats Are Needed This Year

AMENDMENTS
(contuinued from page one)

are the better men?

The proposed poll tax pay as to soldiers is the only one of the three amendments that has the semblance of fairness but it is neither compliment nor compensation, it really is nothing but a Legislative insult to our boys in uniform. The veterans should have rewards in proportion to the suffering they have endured and the service they have performed, not a little $1.75 hand out or back door insult.

I shall vote for the poll tax exemption Amendment It can do no harm but little if any good for unless there is a special session this Amendment would not become effective until 1947, then the Legislature might decide to give no exemption at all.

NO REPAIRS

(From breakdown of machinery because it has none!)

The Gas Refrigerator has no machinery to wear and need repairing or replacing. This means exclusive operating advantages:

LONG LIFE
Parts that do not move do not wear

CONSTANT COLD
No starting and stopping of cooling cycle

LOWEST OPERATING COST
Takes little Lone Star Gas to run

Basically different in operating principle, the gas refrigerator has no machinery to wear, to need replacing, to make noise. A gas flame does all the work, making it the refrigerator costing the least to own. So it is little wonder that many are saying, "My next refrigerator will be a gas refrigerator." Save for one with war bonds. Trouble-free gas refrigerators will be back in the stores when the factory is released from important war work.
